Terms of Service for Solmeme Society

Last Updated: August 15, 2026

These Terms of Service (“Terms”) govern your access to and use of the Solmeme Society Discord bot (and any related Telegram or X integrations) (the “Bot” or “Service”), operated by Solmeme Society (“we”, “us”, or “our”).

By inviting, using, or interacting with the Bot, you agree to be bound by these Terms and our Privacy Policy. If you do not agree, do not use the Bot.

1. Description of the Service

Solmeme Society is a Discord bot that provides tipping, internal ledger balances, deposits, withdrawals, and related features involving cryptocurrency (primarily on Solana and potentially other chains). The Bot may maintain an internal ledger of user balances and interact with blockchain networks for deposits,

withdrawals, and settlements.

2. Eligibility

You must be at least 13 years old (or the minimum legal age in your jurisdiction) to use the Bot. By using the Bot, you represent that you meet this requirement and have the legal capacity to enter into these Terms.

3. User Accounts and Responsibilities

- You are responsible for all activity associated with your Discord (or other platform) account when interacting with the Bot.
- You must keep your Discord account secure. We are not responsible for unauthorized access resulting from compromised accounts.
- You are solely responsible for any wallet

addresses, private keys, or seed phrases you use. **We never ask for, store, or have access to your private keys or seed phrases.**
- You are responsible for verifying transaction details before confirming any deposit, tip, or withdrawal.

4. Cryptocurrency Risks and Disclaimers

- Cryptocurrency involves significant risk, including the possible loss of all value. Prices are volatile. You use the Bot and any related blockchain features entirely at your own risk.
- The Bot is provided for convenience. We do not guarantee the accuracy, completeness, or timeliness of balances, transaction statuses, or blockchain data.
- Blockchain transactions are irreversible. Once a withdrawal or on-chain transfer is

submitted and confirmed, it cannot be reversed by us.

- We are not a bank, financial institution, exchange, or custodian in the traditional sense. Internal ledger balances represent records within the Bot's system and may be subject to reconciliation with on-chain activity.
- **No financial, investment, legal, or tax advice is provided.** Nothing in the Bot constitutes advice of any kind.

5. Acceptable Use

You agree not to:

- Use the Bot for any illegal purpose or in violation of any laws
- Attempt to exploit, abuse, manipulate, or interfere with the Bot, its ledger, or related systems

- Engage in fraud, money laundering, or any activity that violates sanctions or anti-money-laundering regulations
- Spam, harass, or abuse other users through the Bot
- Reverse-engineer, scrape, or attempt to gain unauthorized access to the Bot's systems or data
- Use the Bot in any way that could damage, disable, or impair its operation

We reserve the right to suspend or terminate access for any user who violates these rules, at our sole discretion.

6. Fees

The Bot may charge fees for certain actions (e.g., withdrawals or tips). Any applicable fees will be disclosed in the Bot interface before you confirm the action. Network (gas) fees on the

blockchain are separate and paid by you.

7. Availability and Modifications

- We strive to keep the Bot available but do not guarantee uninterrupted or error-free service. Downtime, blockchain congestion, RPC issues, or maintenance may occur.
- We may modify, suspend, or discontinue any feature of the Bot at any time without prior notice.
- We may update these Terms from time to time. Continued use after changes constitutes acceptance of the revised Terms. The “Last Updated” date will reflect the most recent version.

8. Limitation of Liability

To the maximum extent permitted by law:

- The Bot is provided **“as is”** and **“as available”**

without warranties of any kind, express or implied.

- We are not liable for any loss of funds, data, profits, or other damages arising from your use of the Bot, blockchain transactions, internal ledger discrepancies, third-party services (Discord, RPC providers, etc.), or any other cause.
- Our total liability to you for any claim arising out of these Terms or the Bot shall not exceed the fees (if any) you paid to us in the 12 months preceding the claim, or $100, whichever is lower.

You acknowledge that blockchain technology and cryptocurrency carry inherent risks that are outside our control.

9. Indemnification

You agree to indemnify and hold harmless

Solmeme Society and its operators from any claims, damages, losses, or expenses (including reasonable legal fees) arising from your use of the Bot, your violation of these Terms, or your violation of any third-party rights.

10. Termination

We may suspend or permanently terminate your access to the Bot at any time, with or without cause or notice. Upon termination, your right to use the Bot ceases immediately. Provisions that by their nature should survive termination (including disclaimers, limitations of liability, and indemnification) will survive.

11. Governing Law

These Terms shall be governed by and construed in accordance with the laws of [Your Jurisdiction – e.g., the laws of the State of Delaware / England and Wales / etc.], without

regard to conflict of law principles. Any disputes shall be resolved in the courts of that jurisdiction, unless applicable law requires otherwise.
